A grid of boxes for writing answers, consisting of 3 rows and 20 columns of empty rectangular boxes.

[illegible]

A grid of 80 boxes arranged in 4 rows and 20 columns, intended for writing answers.

A musical staff with a treble clef and a key signature of one flat (B-flat). The melody consists of the following notes: G2 (half note), A2 (half note), Bb2 (half note), C3 (half note), D3 (half note), E3 (half note), F3 (half note), and G3 (half note). The notes are written on a four-line staff. Below the staff, the notes are numbered: 1, 2, 4, 5, 6, 7, i, and i~.

The diagram illustrates the recursive splitting phase of merge sort. It starts with a single long horizontal array of 16 elements. This array is split into two halves of 8 elements each. The top half of 8 is then split into two halves of 4, and the bottom half of 8 is also split into two halves of 4. This process continues until all elements are in arrays of size 2. The sequence of splits is shown with arrows indicating the flow from the initial array to the final state of eight arrays of size 2.
