A grid consisting of three horizontal rows of small squares. The first row contains 20 squares, the second row contains 20 squares, and the third row contains 20 squares.

Diagram illustrating the construction of a 100-bit array from three 10-bit arrays. The first row has 10 boxes. The second row has 10 boxes. The third row has 10 boxes, followed by an arrow pointing to a box, then another arrow to a box, then another arrow to a box, then another arrow to a box, and finally an arrow to a long row of 100 boxes.

Age Group	Number of People
0-10	10
10-20	9
20-30	8
30-40	7
40-50	6
50-60	5
60-70	4
70-80	3
80-90	2
90-100	1

 ”

Diagram illustrating the process of copying a linked list. It shows a source list of 10 nodes and a target list of 10 nodes. The first 8 nodes of the source list are copied to the target list. The 9th node of the source list is copied to the 9th node of the target list. The 10th node of the source list is copied to the 10th node of the target list. The 10th node of the target list is then linked to the 9th node of the target list, forming a cycle.
